Sohaib Ali

JUNIOR MERN STACK DEVLOPER

Description

My name is Sohaib Ali. I am a learner MERN stack developer. I am pursuing a 3-year DAE in software and, alongside this, I am working on my MERN stack projects. These projects also include quiz and weather app clones of different websites, as well as an e-commerce and, audio player. I use AI to increase the efficiency of my web pages to achieve the desired
